PRESS RELEASE

Swachhata Hi Sewa at Raj Bhavan

As part of the observance of Swachhata Hi Sewa, Hon’ble Governor Shri Justice (Retd) P. Sathasivam planted a Tamarind sapling in the Kerala Raj Bhavan campus.

At the meeting held as part of the programme at the Raj Bhavan auditorium, the Hon’ble Governor called upon the people in general and the staff of Raj Bhavan in particular to observe green protocol and to resort to more scientific modes of waste management. He reminded them that the key solution to the problems of the spread of communicable diseases, especially in the post flood scenario, lies in proper waste management, in public places as well as homes.

The Hon’ble Governor advised the staff to make use of their homesteads for organic vegetable cultivation. He also said that ensuring a cleaner environment amounted to a strong fight against pollution, which is a silent killer.
